# 6x4 inch Column Speaker **PTL** Series Column Speaker

## System Application:

Home theater, Live performances  
 Multipurpose hall, Banquet hall  
 Conference halls, Shopping malls, Stadiums  
 Bar, Restaurant, School

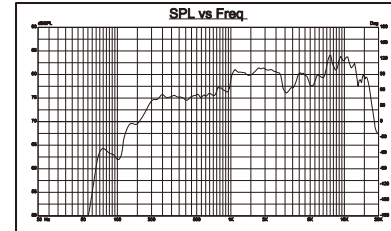

## Product Features:

PTL604 is a two-way 4-inch compact column speaker. The high frequency is configured with a high-frequency driver loaded with a (120°x 30°) wide-direction horn, and the mid-low frequency is configured with 6 vertically arranged 4-inch high-sensitivity paper cone drivers. The power of the whole speaker reaches 300W, and the Maximum SPL is 127dB.

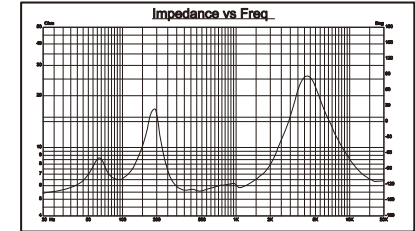

## Technical Specification:

Model No.	PTL604
Frequency Response	100Hz-18KHz(-10dB)
Sensitivity (1W/1m)	95dB
Nominal Impedance	6Ω
Rated Power(AES)	300W
Dispersion(H X V)	120°x30°
Maximum SPL	127dB
Dimensions (W X D X H)	142x191x1100MM
Net weight	11Kg
